The calendar for April had a lot of events but I only ended up attending three. The Outcast MC Annual (04/15) was cancelled out of respect for the funeral of Louie the Lip 1%er, Outlaws MC in Daytona. The annual CMA Easter Service, which was scheduled for Peterson's North was cancelled. I was actually looking forward to this event as I could not make last year's Easter Service. I missed the Louisiana Crawfish Boil that was held at the Keltics MC clubhouse on Saturday the 22nd. I was beat from working crazy hours that week. My body was telling me that I urgently needed some well-deserved down time. I had initially had planned on attending the Alternative MC's Annual and the House Ranch Tribute Concert for Cagney's House of Rock 8th Anniversary party but my body was still too pooped to go out. Besides

that, the weather was piss-poor. It was raining cats and dogs all day at my house. The weather conditions made my decision very easy to stay home on my fat ass. I never left our house all weekend long.

On Sunday (04/02) I rode over to the States MC's clubhouse in Pompano where their 51st Annual was held. The weather was picture perfect. Consequently, they had a great turnout. As usual, I arrived early to take the group photo. Thankfully, we got this taken care of very quickly as the masses started to pour in. I

## Around So Fla by Miami Mike, Publisher MiamiMike@wheelsontheroad.com

I want to say many thanks once again to Gabe Carrera, "The Attorney that Rides" (and writes) for buying extra ads and donating additional money to make sure that this issue of WOTR made it to the printer. Without this extra cash this issue would not have happened. During the last 2 years, many advertisers have dropped out, some have gone out of business, others didn't have any money for ads and others had other excuses. Some were content with the business they already have and don't need any more but most got their business in the first place thanks to the efforts of myself and all my photographers and writers.

But times have changed and the biker community is not what it used to be when I first started covering events and working with other biker magazines since the mid 80's. Although there are a few biker mags still in print in other parts of the country... more than a handful have stopped printing and some have gone totally digital, which is something that I have been looking into the past few months. Millions of people own iPads®, smart phones and computers to shop, bank, watch movies, receive email and use social media, like Facebook and Twitter... so now may be the right time to upgrade to a digital magazine and website. I would get the word out using my large email list and social media. Going digital would offer my writers and photographers much more room for their articles and photos, and in Axman and Killer Chucks case, they could have a direct link to their event photos so you can look, download and/or purchase pictures for your own personal use. Advertisers will be able to lower their ad costs plus get direct links to their websites or Facebook/Twitter accounts if they want. I would have an event page as I have now on page 29. I will have a "Flea-Market" area to sell and buy your personal biker related items like parts, clothing, art, motorcycles and

at their clubhouse in Pompano Beach. I usually don't like to go out on Saturday nights as this is pretty much the only time I have to spend with my wife. I decided to make an exception as the Mystic MC members are all very cool

people. Besides, I already know now that their actual Annual in October will coincide with my wife's birthday. I also like their clubhouse. They have put a lot of hard work into making it that nice. They are also famous for serving great good. Mike Miami writes about it in his articles all the time after he has visited them. I did not get to taste any of the delicious grub as I had a very nice dinner at home before I rode out. I don't know what happened to

the music that evening, but all of sudden the stereo system started playing songs you usually only hear at weddings. The space in front of the bar immediately converted into a dance floor with people dancing and having a great time. I had fun to just watch them enjoying themselves. It was a

great party and I am very happy that I went. The next day I took a ride over to Cafe 27 for

# Good News

By Doug Scofield

DougWOTR@gmail.com

It's the day after Easter and as I reflect on what Jesus endured for you and for me; it brings tears to my eyes. I just don't understand how humans can treat another human in that manner, especially One that came and only showed and taught love. Imagine, if you will, the pain, the guilt those that loved Him felt as they turned their back on Jesus, as they denied even knowing Him. Their belief in the Son of God faltered as they saw Him go through it all. We know and they discovered after 3 days the Tomb was found empty... THE SAVIOR LIVES!

I got a new ride, a 2017 Road Glide Ultra. It will take some getting used to but it's the first new Harley-Davidson I have purchased with some spunk... right off the floor! The riding up here is awesome! In about 10 minutes you can be on country roads that go for miles. Once out on those roads, especially when it's just me and the Lord; the freedom I feel is incredible. You don't know what lies ahead or what is beyond the next curve.

So it is with life; what does the future hold and what if life throws you a curve? Christians have a saying "I don't know what the future holds but I do know who holds the future." If you put your trust in Jesus and give Him your whole heart, He will make a difference in your life. Jeremiah 29:11 "For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future." It's a simple step of faith by inviting Him into your heart and asking for forgiveness of your sins. It is also a big step, because the first commandment declares that He is a jealous God... Exodus 20:3 "You shall have no other gods before Me." It's your heart He seeks. Jeremiah 29:12-13 "Then you will call upon Me and come and pray to Me, and I will listen to you. You will seek Me and find Me when you seek Me with all your heart." I promise you this... give Jesus your heart and you will never regret it; the journey is never boring and you will never be alone... never! And that's only because the tomb was found empty!

This is the month we observe Memorial Day. Memorial Day is a [United States Federal](#) holiday observed on the last Monday of May. (May 29 this year). Formerly known as Decoration Day, it commemorates U.S. men and women who gave the ultimate while in [military service](#) to their country. First enacted to honor [Union](#) soldiers of the [American Civil War](#) (it is celebrated near the day of reunification after the Civil War), it was expanded after [World War I](#) to include American casualties of any war or military action. Please set aside some time on May 29 to pray for the families of those that have given their all for you and me and please, please, please; pray for those that are now in harms way fighting for our freedoms. I pray that when they return they will still recognize their country!

Last but certainly not least; May 14th is Mothers Day. If you're able to give your momma a hug and tell her you love her, then you are blessed! My mother is 93 and lives in Indiana and I just found out she fell Easter Sunday and received 6 staples to the back of her head; very thankful she didn't break anything. I'm trying to get in shape and prayerfully ride up to visit her this summer. I know I'm not the only one that reads WOTR with an aging mama. One of the best Mother Day presents I've ever given her only cost me postage and a little time, a letter, not a card, telling her how much I appreciated what she sacrificed for me and my siblings and the love I felt from her and for her! So please bless your mother this Mothers Day in an unique and special way!

If we at Calvary Chapel MM can be of any service please feel free to e-mail me or call me at 954-448-1235 or give Russ a call at 954-553-0580.

Riding free, Doug.

# Ummm... Good Cookin' with Cookie

By Dee: Dorinda.Paikoff@aol.com

## DEE'S HOME MADE GELETO

- 1 cup sugar
- 4 large egg yolks
- 1 tsp pure vanilla extract
- 1¼ cups heavy cream, lightly whipped.
- ¼ cup glazed cherries
- ¼ cup dried apricots
- ¼ cup dried pineapple
- ¼ cup chopped pistachios
- 6 oz fresh raspberries
- Extra dried fruit and pistachio for garnish

Bring the sugar and ¼ cup water to a boil in a small saucepan over high heat, stirring to dissolve the sugar. Boil for 5 minutes, until thick and syrupy.

Beat the egg yolks with a hand-held electric mixer, slowly adding the hot syrup, until the mixture is cooled, thick, and pale. Fold in the whipped cream and vanilla. Transfer one third of the mixture to another bowl and stir in the cherries, apricots, pineapple, and pistachios. Cover and refrigerate.

Purée the raspberries in a blender. Rub through a fine sieve to remove the seeds and stir into the plain cream mixture. Pour into shallow metal baking dish and freeze, stirring occasionally with a large metal spoon, about 4 hours until partially set. Freeze a metal bowl with about 3½ cups capacity until very cold. Spread the raspberry cream in the bottom and up the sides of the bowl, leaving a cavity in the center. Fill with the chilled fruit mixture. Cover and freeze at least 8 hours, until firm. Dip the bowl into warm water for a few seconds and then invert onto a serving plate and remove the bowl. Decorate with dried fruits and pistachio nuts, cut into wedges and serve immediately. Yum!!!

# THAT YOUNG MAN

by Jimmy Les ([jimmyles@comcast.net](mailto:jimmyles@comcast.net))

My article for this Memorial Day issue of *Wheels on the Road* magazine was inspired by stories told to me by Stanley A. Lesniak and others throughout my lifetime. JL

This story is about Memorial Day and to honor those who made the ultimate sacrifice for our country. I am going to start with a story about an event that happened over one hundred years ago...

There was a young man who heard that his Country needed help with a World War. Now before I continue I want to ask, "How many people have ever signed a blank check and then gave it to someone?" Well this story is about one young man who did just that. He went down to the local recruiting office and said to his Uncle Sam, "I will give you this signed blank check that is drawn on the bank account known as my life." That checking account is filled with the rest of the days of my life. You can use as many of them as you wish, in any way you wish, for as long as you wish Uncle Sam, but all I ask is: "when you are through, please return to me those days that are still in the checking account of my life."

Then Uncle Sam took that check and told that young man to report to Basic training where he put him, with thousands of other young men, and created the Armed Forces. Uncle Sam then took some of those days out of the young mans' checking account and toughened up that young man with months of discipline, months of marching and months of combat training. When that was over all the young man asked for was a few days off to go and see his mother before he was shipped overseas.

That young man was then forced to live in a foreign country, sometimes in a barracks, and sometime he lived outdoors. Uncle Sam used the days out of that checking account and put that young man into fox holes in the hot sun, torrential rain and freezing cold. And all that the young man asked for was one night in town to try to forget that war.

Uncle Sam did not stop there... he kept that young man overseas and made him march until he could not take another step. He kept him on duty until he could no longer keep his eyes open and he put him in situations where it was kill or be killed. And all the young man asked was for some mail from home.

**What Is A Veteran?**

A "Veteran" - whether active duty, discharged, retired, or reserve - is someone who, at one point in his life, wrote a blank check made payable to "The United States of America," for an amount of "up to, and including his life."

That is honor. And there are way too many people in this country today, who no longer understand that fact.

[www.themasonicsshop.com](http://www.themasonicsshop.com)

Now this particular war ended and it was time for the young man to go home, and it only took people a short time to realize what a hero this man was and what he had sacrificed to defend his Country, our country we call the United States of America.

Then as Uncle Sam sent him out to another war in another foreign country that young man asked if after this war could he go home to stay and use those remaining days left in that checking account of his life. But during this war Uncle Sam cashed that signed blank check that the young man handed to him a few years earlier, and all that returned home from that foreign country was a heroic young man in a casket with an American Flag draped over the lid, and all that the mother of that young man asked of Uncle Sam, was a day to honor her sons' ultimate sacrifice.

And this Memorial Day we are here to respect that mother's wishes and we are going to honor her son. All I am asking of you is to take a few minutes this Memorial Day to think about that young man who never got to spend any of his days back in the United States. Today I am sure he is with his maker waiting for and missing the loved ones he fought so hard to defend.

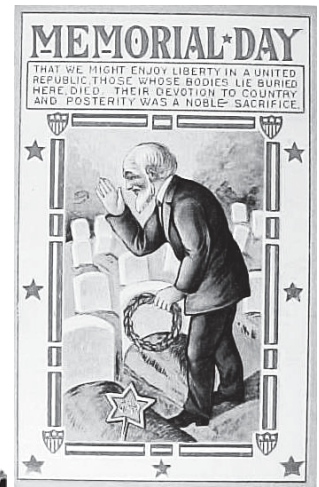

Now in closing and on behalf of all the mothers, fathers, sisters, brothers, and all the loved ones whom have lost

"that young man"... it is for them that I ask that you to offer up a prayer and take some time to remember...

There was no disappointment on April 2nd at the States MC's 51st Annual. Kathy and I had an outstanding time. Very nice South Florida day in the low 80's with overcast skies, so it wasn't too hot but with no rain. You wouldn't believe all the food they were serving. Grilled chicken, green peppers and sausage, meat balls, green beans, potatoes, cole salad, macaroni salad and

so many deserts that I can't list them all. And all of it was deeeelicious! The girls serving filled Kathy's and my plate so full

that neither one of us could eat it all. Can't beat it for \$6 a plate. Shovelhead played the tunes and rocked the house all afternoon. Great job guys. Kathy and I don't get out as much as we usually do because of family obligations and some of

to the States MC (Pompano) for another outstanding afternoon with our brothers, sisters and friends. Y'all did it up right again.

April 16th found Kathy and I having a very pleasant Easter afternoon with Kathy's family. We had some great food and it was a beautiful day to eat outside

on the patio. Thanks to Kathy's Mom (Kitty) and Dad (Pete), Mary Lee Lane (sister), Rachel Elizabeth Lane (niece), Michael Bierman (son), Amanda Bierman (daughter) and of course Skye (granddaughter) and Coco. Things have been a little busy during the month of April and again we haven't

a little relaxation and a few cold ones and to grab a few photos before going home to get ready for a long work week ahead.

Gabe, the Attorney that Rides (and writes) had invited everybody to join him to celebrate his 10th Year Anniversary in private practice. He held it at the Der Krieger MC's clubhouse and in my book, he could have not picked a better place to do it. It was a Grateful Dead Theme Party and Biker Bash. There was no

way I was going to miss that event. He has done so much for our community and also for Wheels on the Road Magazine. Thanks to his advertisements and other special financial contributions, Miami Mike was able to print the April, and now this May issue. Thanks Gabe! By the time I arrived, the party was in full swing. There was free beer all night (as long as it lasted), live music by Unlimited Devotion, a Grateful

April has come and gone like the change of seasons. We all had a great Friday evening at Mickey's listening to Hired Gunz with Post 180 in the house!

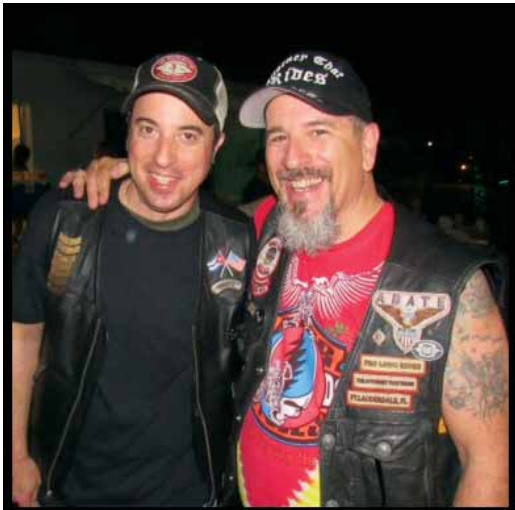

I hope everyone had a terrific Passover and Easter. I know I need to diet now! And I want to shout out "A Big Happy Birthday to Sharon/WOTR. May the year bring you much happiness and love!" (Love that cake)

We were off to the States MC Annual, April 2nd, where I set up my chair massage and listened to more great music. The States always has awesome food. A terrific tiki to enjoy our friends and

again... eating!

The following weekend I was honored to be part of the Lutz buddy-up picnic where the veterans /LEO and their families got to go for helicopter rides! That was a great day. Ken Isaackson, being the driving force in getting that arranged - he rocks! Ken is always there to charter the kids on the helicopter rides at our SFPC Toy Run each year! Kudos, my friend!

Gabe's 10th Anniversary was a Blast! With Grateful Dead music: which was such a pleasant and refreshing change and well done by "Unlimited Devotion" out of the Daytona area. The Der Krieger's clubhouse is always a great spot for a party! Even Gabe's brother David was there from Arlington, Virginia, as well as Gabe's

Writing live here from Leesburg Bike Fest covering the favored biker event in Florida. It's hotter than Daytona during Bike Week but the police and local government are friendlier to us than those in Volusia County. I drove Thursday night around the event grounds speaking with many vendors that I know and all had high hopes of big profits

due to the improvement of the economy. Most of the hotels are full with the overflow buying tents and setting up at the ABATE camp grounds. When I rode up it was 90+ degrees and my thighs were roasting from the heat of the new Harley-Davidson 107 engine. Cooler my ASS!!!

Today is Friday and already I see people drinking beer, walking the grounds, and getting their sunburns on. Throngs of bikes coming in groups. If you didn't come you missed out big time cause the party's about to take off right now. It must have been 100

degrees. I found myself dunking my head & shoulders in the park water fountain pool. Felt so good! Friday night I was about 7-8 miles south of the Leesburg center and driving North to Lady Lake around 12 miles I counted 7 bikes pulled over. Each stop I saw 2-3 LEO vehicles surrounding the biker(s). I quickly threw a warning up on Facebook to my friends to watch it and drive the speed limit ESPECIALLY if you been drinking. (Reported at press time of course...)

Talking about missing out... some of you knuckleheads missed the party of a lifetime at the Der Krieger MC clubhouse April 14th for my 10th Year (in business) Anniversary party. I know... I know... you're not into the Dead's music and some songs are so psychedelic that it takes you out to space and ya get lost however, the band that played is called "Unlimited Devotion" and they are extremely talented... to the musical level quality of Soulicide and Mr. Nice Guy. Those that attended to support me and the Der Krieger MC were amazed how much they got into the music. They played the well known songs at high tempo keeping the women dancing all night. If you go to "Attorney That Rides" on YouTube I have the 360 degree videos of the whole party with the band playing! I also want to thank Todd Remington for putting together a break time band. With both bands there was non-stop music til the early hours... very early hours I think...

I want to thank the Der Krieger MC for allowing me to use their house

to throw my 10th Anniversary party. 10 Years in private practice as the Attorney That Rides... what a long strange trip its been! Miami Mike and Sharon, Axman, Freddy J. and Huck all came and thank God they did because the wine and the co-ordinating of the festivities did not leave me much time to take pictures. Besides... Miami Mike and crew are wayyyyy better photographers than I am. I want to thank Tony Baday of Las Carnitas restaurant for providing sooooo much food for a low price. His staff went inside the Der Krieger MC clubhouse and later Tony had to drag them out cause they were having toooo much time playing pool and talking to the attendees. And I want to thank John, from John's Rock & Ride in Daytona for coming down with his Deadhead merchandise and cigars... and Honey Jack! (I'm blaming you for me getting home so late.)

With big respect to all other clubs and organizations... if you ride a motorcycle and might be thinking of joining a family oriented club or organization, check out the Der Krieger MC. Stop by any Friday night for their open house and tell them you read this article and say I sent you. And most of their club members are veterans by the way. Their address is: 5925 SW 42nd Place, Davie.

The impromptu Keltics's MC Crawdad Boil was fucking awesome! As usual, it was very organized. There was reserved parking, the meals were \$5 all you can eat. Lefty from States MC took advantage of that by eating 6 plates of crawdads. I tried to keep up but got full at 3 plates. (Plus I ate a lot of food from the buffet like potatoes, pasta, salad, deserts... that Lefty didn't eat). I could have easily beat him if I hadn't filled up on everything that was in the buffet. For entertainment, Davis Seaman was playing acoustic and he did a jammed-up job. I saw many old friends that I have not seen for a while. I want to congratulate Beacon and the Keltics for an awesome festive time at your house! And they have an open house Friday night so check out their clubhouse in Davie at: 2401 SW 70h Ave. D-13. (across from Signature Grand)

Robert Sutton, head of the Broward GOP, and two former candidates for judges stopped by and stayed for quite a while. It's nice to see that these political figures take a liking to us bikers and feel comfortable among us. They were really enjoying themselves and interacting with many in the biker community. Some of you may be like, "fucking politicians"... but hey, next time you're in front of a judge for whatever reason, civil or criminal, and they don't understand your biker lifestyle, don't bitch. We try hard to elect biker friendly judges that understand us because it guarantees justice and fairness for us. Next time I have a "Biker Political Forum" event please show up because it will help you or your bro in the long haul.

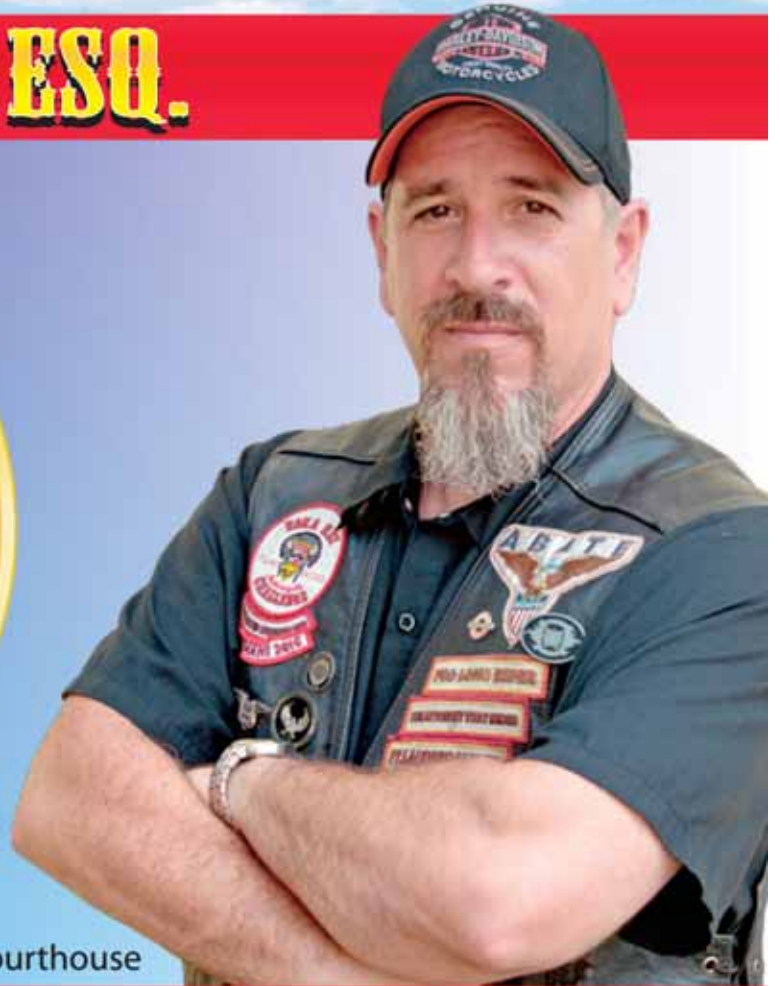

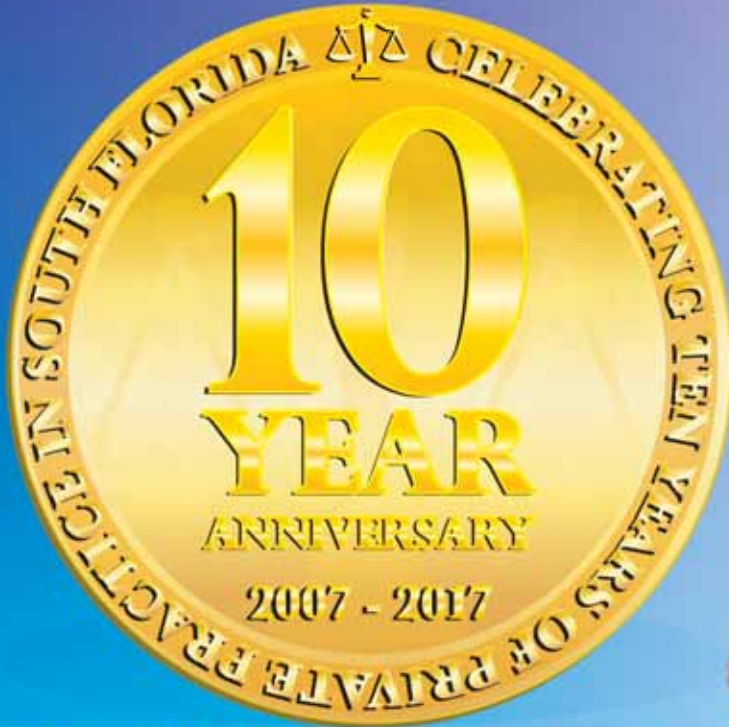

Finally, my final thoughts will be for my next party... YES I SAID It... another party, LOL! Planned for Saturday, August 19th, 2017, I will be hosting a birthday party with the same band at the American Legion Post 180 in Plantation. It is a Hippie themed party for those who want to come dressed like Woodstock 1969. In fact, I think Woodstock is having an anniversary this year in August. Should be good times so stay in touch via social media and WOTR for updates.

# Woo's New View's

Hi Peeps!

Another beautiful South Florida month is upon us! How lucky we are to be living here. I love everything about South Florida EXCEPT the traffic and the third world a-holes who clog up our roads. You know who I mean... the ones' who haven't a clue what Road Courtesy means. Who doesn't realize their cars have turn signals as standard equipment. Who doesn't think of stepping on their brakes and slowing down instead of just blowing their horn at you. The real pieces of shit who have to text while they are driving, especially the brain dead playing with their phones when the light turns green and they just sit there hypnotized till you have to blow your horn to wake

them up! But by then, a lot of times, the light has turned red again and you have to wait for the green again! As John Wayne said "You can't fix stupid!!"

The old EME girder frontend I have for my Honda SOHC 750 (836cc) chopper only has four inches the legs, as it was originally designed for either a free wheeling spool hub or the old Halcraft mini drum or mini disc brake. Both, by the way, were only good for looks and to hold you from rolling backward on a hill. As far as stopping goes...

USELESS at any speeds above a crawl. Not only am I building the bike to look cool, I also want it to be a great road bike too.

I went looking for a front wheel that not only looked good and would fit inside the legs, would also have a front brake that looked great, but more importantly... would stop great too!

I remembered back to the mid seventies when I built a radical volks powered trike. The girder I had for it was a narrow bitch too. Back then I took a 750 Honda hub and narrowed it and put dual disc's on it. I figured if I did it then, why couldn't I do it now? A friend of mine got me a Sportster front hub and I sectioned 1-3/4 inches out of the center. I wound up with a 3" wide hub that used a stock Harley disc. Someone had originally suggested that I widen the front end, but it was so beautiful narrow that I decided that sectioning the hub was the only way to go to keep the look I wanted.

So now I have to get the hub powder coated (metallic silver with large metallic flakes), put the new bearings in, as the old ones were set up to use a 1" axle and the front end was built for a 3/4 " axle. As soon as I have the bearings installed in the hub it's going to be laced to a 21"x1.85 40 spoke rim. The spokes are polished stainless and the rim chromed. My friend Woody is going to make the spacers and the axle then the front end will almost be done. The bike is being done old school. I remember old school because it was New when I started in bikes. No Rat or grunge on it. All paint, polished chrome and everything pretty! She will look like a time capsule just puked her out of the 70's!!

I am looking forward to attending the P.O.A.T – (AKA, Cops Ride for Kids) which will take place on May 7th. As I mentioned on numerous occasions, this charity ride is very special to me. What's up everyone!!!

Well this will be the shortest article I've written for WOTR due to some issues at home. Like some young neighbor thief broke in and destroyed most of my belongings and stole what he didn't destroy (like my photo gear). Needless to say, I haven't felt like leaving the house but I eventually got out and made it to a couple events, with an old camera he left behind.

First was the 3rd Annual Alligator Ron's Wing Fest, hosted by Big 105's Doc Reno, and held at the Bergeron Rodeo Grounds in Davie. And just like the title of the event suggested some of

the best local restaurants competed for the crown of "Best Chicken Wing's" and "Best Sauce" categories. They had activities for the kid's, food trucks, live Music and you can't have wing's without beer and other adult beverages to wash it down. Word is over 11,000 showed up for this great cause to raise Awareness and money for the Construction Angels, a not for profit organization that helps educate about construction related accidents, grief consulting and safety in the work field. I look forward to next year's event.

Next up was the "Super Chevy Show" at Palm Beach International Raceway and what a show it was! The road course was packed with car's and truck's competing for trophies, and on the drag racing side vendors and food

lined the swales. The headliners included Danny O' Day in his ATI sponsored wheel stander, the fastest one on the circuit. Also, the legend Paul Smith, and his nostalgia funny car "The Entertainer", lined up beside Mike Harrigans 1973 Duster funny car named "Gold Dust". And there was a lineup of pro mods for a tribute race in honor of our good friend Kenneth White aka (Buddy Roe) who passed away unexpectedly earlier in the month. He was a terrific friend and great race promoter at the local race tracks. RIP Brother!!! And last but not least Sam and Dixie Ives, in their "Heat Wave" jet funny car lined up against David Douthit in his Black Pearl Nova jet car to heat up the day and night. So great weather, food, and racing what more could you ask for.

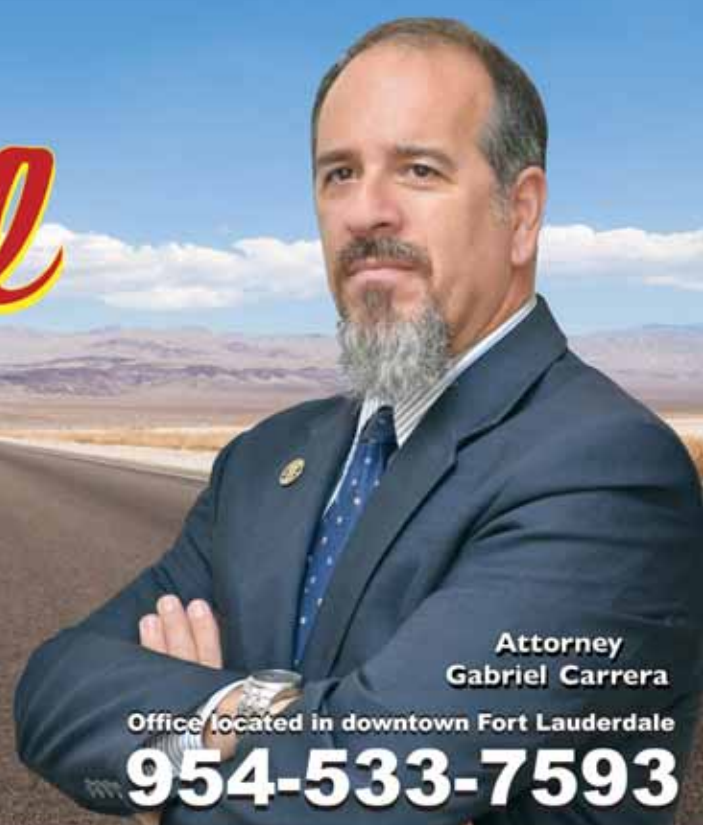

Buddy Roe R.I.P.

Until next time ride safe, Killer Chuck

April 14th was Gabe's Grateful Dead Night Attorney That Rides

10-Yr Anniversary at the Der Krieger MC clubhouse with UNLIMITED

DEVOTION - a Grateful Dead Tribute Band. It was a great evening of music, food and fun. Congratulations to Gabriel Carrera, "The Attorney That Rides". I wish you many more years of success.

SAVE THE DATE! Saturday May 6th. It will be a sad and busy day for me and many friends.

Starting with Anthony Giuliano's service & Celebration of Life from noon- 4PM at VFW POST 1966, located at 350 SW 25th St, Ft Lauderdale (954) 765-0791. (Rain or Shine) Services start at 12:30PM. At 1PM Kent, from Soulicide, will do a memorial toast and then Soulicide will play a tribute concert afterwards. Anthony's father Victor was in the 101st Airborne Division

Anthony & Kent (photo by Karren B)

United States Army. He chose the VFW Post 1966 for Anthony's service & wishes for all family & friends to attend. This past March we lost Anthony. He was in a bike accident and sadly passed away.

Anthony had a heart of gold and helped both friends and strangers. He was loved by so many people and will be truly missed. The service will be held outside. There are tables & chairs under the main pavilion where Soulicide will perform facing the lawn. So please bring folding chairs & blankets to sit on. The area is shaded and small tents and umbrellas welcome. No coolers please! Food & drinks are very affordable & the VFW Post 1966 will be donating \$2 back on all food plate specials to the Giuliano family. There is plenty of parking. The main lot is for bike parking only! Some of the venues are doing a meet up & ride to the service, If you would like to join them see the event page on Facebook. If it rains the post has a huge banquet hall that we can use! Please share this info to help reach Anthony's friends. Thank you.

Also on Saturday May 6th it's my friend Claude Rayhome's Luau Party with Live Music by Trip Machine & DJ Frank from 6pm to 11pm and everyone is welcome. If you never went to one of Claudes parties you never partied LOL. It's always packed with great people, food, music and fun. There is an after party for Claude's event at Cagney's with the A1 Promotions band release party of CARNIVALLE who is one of A1 Promotions newest kick-ass 4 piece bands out of the Palm Beach area!

CARNIVALLE has been touring all over Florida with both their original and cover music at Harley-Davidson dealerships, Major Festivals and opening for National acts!

CARNIVALLE provides a full rock, light & laser show performing covers that crowds want to hear. From The Scorpions, to Heart, Guns 'n Roses, Motley Crue, Dio, Rush, Slaughter, LA Guns, Van Halen, Iron Maiden, Sammy Hagar, Pat Benatar, Godsmack, Judas Priest, Metallica, Ozzy, The Cult, Joan Jett, and many more. CARNIVALLE takes the stage at Cagney's from 10:30PM to 2:30AM.

Also on Saturday May 6th and Sunday May 7th it's Indian Motorcycle of South Florida's Demo Days Weekend. Come test ride all the Indian bikes both days. Saturday starts at noon with live music by The Uncle

Fred's Band with a FREE BBQ, FREE Cold beer and refreshments, and giveaways. On Sunday we do it all again EXCEPT it starts at 10am with FREE Breakfast, FREE Mimosa's and FREE Bloody Mary's with FREE

Lunch also for you late risers. With live music by The Hired Gunz Duo.

The RAINY Season is here no doubt. On Sunday April 23rd, it was Cagney's Saloon's 8th Anniversary Party at The House Ranch Tribute Concert! With three tribute bands and The Mr. Nice Guy Band and it

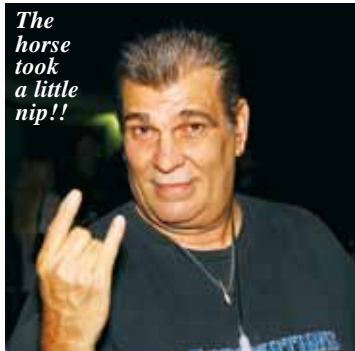

Mr. Nice Guy Band and Mark at Ranch House

rained and rained hard all day. With so much planning for months with the bands, vendors and selling tickets it did not look good early in the morning. Many people contacted me and everyone for updates to see if the show was going to go on. Even though hundreds of people bought tickets only a few hundred people roughed it out from 8am to 6pm and fought the elements, with the hope of the day clearing. (it didn't) I can say one thing... everyone's spirits were up and basically we turned a horrible day into a fun day with joking around and having the fun. The bar was open, music was playing, all the vendors and food trucks stayed. So we pretty much had everything except the bands. No one really got wet because the whole place had huge tents everywhere. Around 2pm it was called as a wash and the rain date was announced for Sunday May 28th. All tickets purchased will be honored on the rain out date, so bring your bracelet or your advanced ticket voucher with you. We will start selling tickets again in May, both online and at Cagney's. Please keep in mind this event was a fund-raiser to help the kids at Joe DiMaggio Children's Hospital as Cagney's does at every Anniversary party and all their events. So the show, as they say, will and must go on!

This photo of a horse checking out the plastic cup (at the House Ranch party) is my Photo of the Month! He might have licked the cup, I didn't see, but it was only ginger ale anyway... but we all had a good laugh after seeing the photo.

The horse took a little nip!!

The After Party at Cagney's was really great. Fistful of Dollars played at 8:30pm. Before this, Richie Vega from The Mr. Nice Guy Band played some acoustic music to get things going and donated his tips to Joey D! We did manage to help raise more money for Joe DiMaggio Children's Hospital at the after party with the help of many of you! Thank you to everyone that came out and thank

## Memorial Day

Memorial Day is the day we give thanks

To all our fallen Soldiers.

To thank them for the Burden

That they have upon their Shoulders...

We have mourned the loss of the ones we knew,

They fought for our Country and died.

And for the brave ones that we did not know,  
Where their families have mourned, and cried...

On this day while we mourn our losses

We should thank the ones who serve.

Risking their lives day to day

Our praise is what they deserve...

They make our Country safer

So we can sleep at night.

Knowing that they are willing and able,

To stand up and fight our fight...

So set aside this day each year

And give thanks to those who have died.

And show thanks to those who fight today

By flying your flag with pride...

Take time to thank all the soldiers,

Not just the last Monday in May.

Thank them for standing up for us,

Thank them... Every Day!

HAPPY MEMORIAL DAY! Stormy

taking, the images will be tweaked and cropped at the time of purchase. As always, I will donate 30% of the proceeds of every photo sold. This time I am planning on riding to the Postcard Inn. On my way back I will attend the Southern MC Event (please see their mini-flyer on page 37) Join me, I can guarantee you a good time.

Now that this article is finished I can finally load up my bike and leave for Leesburg. My wife and I have been really looking forward to going up there. We will

meet with a couple of our friends which we have not seen since Daytona Bike Week last year. It should be a lot of fun. For those of you who

went (you will be reading this after the event) I hope you had a good time and rode home safe.

On a personal note, I kindly ask you to please support Wheels on the Road magazine. We need to make sure that Miami Mike can keep this fine magazine in print. It is the only biker magazine out there that covers our local bike events and our biker lifestyle. Please be so kind to either make a Paypal donation at

even furniture. (Bikers need furniture too - and everything everyone uses) This digital magazine upgrade has been on the back burner for few months now (I had written about this a while ago but nobody acknowledged it) but it may become a reality by early summer. If I do get enough ad money and/or donations by May 15th to print a June issue, that may happen, but the updated WOTR website will not be put on hold. Both a printed issue and my updated website can both be made to work together but only if there is an interest.. is there???

Now on to a few events Sharon and I covered this past month. We started off at the States MC Pompano Chapters 51st Annual on April 2nd. It was a nice day with no rain for a change. We got there when the crowds were at their largest. Shovelhead played on the big covered stage and they did an awesome job.

They only stopped playing so door prizes could be given out... and there were some nice prizes with a large framed photo as one of the main prizes. We took the truck so we had plenty of room for the picture, but our number wasn't picked. Must have been an oversight... Vendor tents pretty much filled the lawn area and people did seem to be spending some money. Moldy 1%er had his framed artwork on display, everyone should own at least one of his pieces. He's a very skilled artist (and poet) and his "creatures" are pretty funny, like the lion and bunny rabbit pictured here. And his prices are

very inexpensive so make sure to check out his vendor booth at every event. And the food buffet, as usual, covered the indoor pool table. More delicious food than you could eat, although some people tried. good times with great people - you want to put this event on your 2018 calendars.

I had to miss the Mystic 7 MC party because of Sharon's birthday party. Her favorite aunt from out of town, and a cousin who shares the same birth date with Sharon, only had April 8th to visit. The party, with a few other close friends and family, was catered by Publix. (Nobody wanted to cook) Publix also made the cake since my pastry skill consists of a 3ftx6ft birthday cake, made out of a 12" tall styrofoam panel sandwich covered in \$10 worth of cheap white frosting... topped with 200 candles. (The impressive flames rose 3ft in the air and took 2 minutes to extinguish) Sharon had a great time, especially since her 5 month old granddaughter was there to party! (if eating, crying, dirtying diapers and sleeping is considered partying..)

On April 14th we attended Gabe's 10th Anniversary party at the Der Krieger MC clubhouse. Gabe was celebrating his 10th year in practice in Broward and had the best time of all!

Great setup, delicious Spanish/Cuban style buffet, cold drinks, free draft beer, John's Rock n Ride store was set up and "Unlimited Devotion", a Grateful Dead cover band, tore up the party. Todd Remington brought the backup band so there was music all night. Ken, Gabe's computer guy & photographer, set up live streaming of the event that you can see on Gabe's Youtube page. (Read Gabe and Axman's articles for a lot more info on the party) Here's to Gabe Carrera, the Attorney that Rode from the southernmost Argenti-

na to the northernmost point in Alaska on a Harley... and 10 years in practice!

Beacon, Pres of the Keltics MC, put together a Crawfish Boil and buffet in a week and invited everyone who wanted to suck out the brains of these little critters... Lefty (States MC) downed 6 full plates of the tasty little morsels but most everyone else had a plate or less. They taste

pretty good but it takes too much work to really get stuffed. There were spicy crawdad potatoes, plus a table full of the typical Keltics fare that were also devoured. It is always a good time at any Keltic event, hope you got an invite... if not, make sure to get on

It's up to all of you if I stay in print or go digital... or go print & digital... or just go... and take my Wheels Off The Road.
